Postgraduate Perspectives

Evening Panel Sessions

Climate Change

Tuesday 11 June 2019 | 5:00 - 6:15pm

Already the world is warming, ice is melting, oceans are acidifying and sea-levels are rising. Climate change is a critical issue of our time. How will you respond? Hear a panel of experts from across the University discuss how they are tackling climate change.

Refreshments will be served, including a free drink for all registered attendees!

Big Data

Wednesday 12 June 2019 | 5:00 - 6:15pm

Big data is a field that will drastically change the world we live in; for better or worse. Learn about its far-reaching applications, and how you can be involved. Hear from leading academics discussing big data in relation to public health, visualisation, business and the cities we live in.

Refreshments will be served, including a free drink for all registered attendees!

Entrepreneurship

Thursday 13 June 2019 | 5:00 - 6:15pm

Entrepreneurship: buzzword, the way of the future, or both? Hear from academic and industry leaders and as they unpack what entrepreneurship means today. Join us to hear a panel of experts from across the University discuss how big data is changing the world we live in.

Refreshments will be served, including a free drink for all registered attendees!

Tuesday 11 – Friday 14 June 2019

The Roundhouse
